Cher client, nous vous remercions pour votre achat de l'un de nos produits Uniteck. Veuillez lire avec attention toutes les instructions avant d'utiliser le produit.

DESCRIPTION

Le support Unifix 100 BM a été spécialement conçu pour fixer vos panneaux photovoltaïques Unisun de 50 à 120W pour des installations de 50 à 240W.

Il s'installe sur les arceaux de bimini dont les tubes sont de diamètre 20 à 28 mm.

Doté de 2 rotules de fixation multi-positions, le support Unifix 100 BM vous permet de fixer votre panneau solaire rigide en parallèle de votre bimini.

Grâce à sa structure et à la visserie en inox marine, il est parfaitement adapté pour un usage en milieu salin.

RECOMMANDATIONS

Montez le support Unifix uniquement sur des tubes présentant une portance suffisante.

Évitez les zones d'ombre ou que certains objets ne puissent en créer.

Afin de pouvoir fixer le support sur le châssis, il est nécessaire de faire une ouverture dans la toile du bimini.

Tenez compte de la charge supplémentaire avec panneau :

Dear customer, thank you for purchasing one of our Uniteck products. Please read all the instructions carefully before using the product.

DESCRIPTION

The Unifix 100 BM bracket has been specially designed to secure your Unisun photovoltaic panels from 50 to 120W for installations from 50 to 240W.

It can be fitted to bimini hoops with 20 to 28 mm diameter tubes.

Equipped with 2 multi-position ball-and-socket joints, the Unifix 100 BM bracket lets you mount your rigid solar panel parallel to your bimini.

Thanks to its marine stainless steel structure and fastenings, it is perfectly suited to use in marine environments.

RECOMMENDATIONS

Mount the Unifix mounting bracket only on tubes with sufficient load-bearing capacity.

Avoid shaded areas or objects that could create shadows.

To attach the support to the frame, you need to make an opening in the bimini cover.

Take into consideration the additional load with the panel :
