Mounting Brackets - UNIFIX U

**FLOOR, WALL
& MAST**

MULTI-USE BRACKETS

Robust and easy to use, the universal UNIFIX is the ideal support to fix your panels on all flat surfaces (ground, concrete, wood frame, wall) or on round mast (diam. 40 to 60 mm).

Its multi-position tilting system allows you to optimize your electrical performance.

Universal, with its innovative design, the UNIFIX accepts some panels of different brands and sizes.

+ UNITECK

- Corrosion resistant Galvanised steel frame and screws
- Reclinable from 0 to 90°
- Easy to install
- Fixation on round masts Ø 40 to 60 mm (flanges included)
- Wall mounting
- Floor mounting

Designed, made in France
